## *guest portraits*

My most popular live painting option!

During cocktail hour, 2-3 artists work on taking pictures of your guests that are used for reference photos for paintings. Guests leave and enjoy the night and return for their painting later on. We keep painting until an hour before the end of your night, prioritizing adult guests, and only painting each guest once. Packages are suggested based on guest counts in order for us to paint as many guests possible! Every package includes 4x6" watercolor portraits. Adds-on like polaroids and calligraphy are available for an extra special touch.

### *package one*

\$1,300.00  
under 120 guests  
2 painters

### *package two*

\$1,700.00  
under 150 guests  
2 painters, 1  
assistant

### *package three*

\$2,100.00  
over 180 guests  
3 painters

### *add-ons:*

#### *polaroids*

\$150.00 - pictures are taken with a square polaroid instead of on our phones so guests leave with their painting and a polaroid attached

#### *calligraphy*

\$175.00 - at the bottom of paintings, guests can request their names in live calligraphy for a personalized touch

## *live couple painting*

My most intimate and romantic live art option! A painting of you two during any part of your special day. You choose what you'd like painted: first look, private vows, a couple portrait, ceremony first kiss, first dance, cake cutting, etc. All paintings are in a watercolor style, prioritizing capturing the whole scene around you and features that cannot be captured in a photo. Paintings take a minimum of 3 hours on-site, starting an hour and a half before the time of the event, and then remaining until the painting is finished. Have it framed on-site, or opt for the painting to be completed in the studio and not at your wedding day.

### *package one*

\$1,150.00  
16"x20"  
unframed

### *package two*

\$1,650.00  
16"x20"  
framed

### *package three*

\$2,350.00  
18"x24"  
framed and  
delivered

Both the live couple painting and guest portraits can be booked at the same time, I would hire artists to paint the guests as I focus on you! All my artists are trained in the same style and completely trusted to give your guests the best experience.

My goal is to provide a unique and memorable experience to my couples and their guests! I partnered with The Vintage Booth in order to provide another way to enhance the guest experience at weddings.

With my partnership, you can add The Vintage Booth to any package, starting at \$800 for your day. The booth will be set up in a central location to begin using at the start of cocktail hour and remain until an hour before the end of the reception. Additional time can be requested.

Guests can continue taking photos all night long when the requests of paintings are closed. Save on additional travel fees by booking us together.

a love letter to all my couples,

you keep my dream alive. being a full-time artist is something I never thought was possible until I stepped into the wedding world. this way of making art is fun and exciting. it's interactive and has intention, and it connects me with the world in a way that making art never has before. this passion of mine is something I pour my whole life into and being at your wedding day means the world to me. your guests, our interactions, the reactions they have to their paintings, and the "I've never seen this before!" are all small parts of why these days are my favorite. you're creating memories and moments for your guest to remember the day you spent so much time planning for. I hope to be a small part of the best day of your lives and help create memories that last forever.

all love,  
my  
tori
